

COLOUR MATCHING CABINETS

CODE: 10035

As per ASTM D 1729

Color can be essential to your products. It cannot be assessed only with color measuring instruments. It has to be finally approved with your eye. 'CI' light booth offers you a standard viewing environment so that you can assess color at consistent and international agreed environment. Each light source is controlled by individual self illuminated switches. The total system run time is measured by a hour meter.
